

Immortal Butterfly

This pattern is based off my Immortal Heart pattern, and was designed for an online friend. The pattern may be worked with or without beads. If you don't use beads, it will work up significantly smaller. The model was worked with size 20 DMC Cebelia and Delica beads.

Rebecca's Immortal Butterfly

Model worked in size 20
with Delica beads.

I put beads every two ds
for this model.
I also placed a bead
at the end of every
chain and ring.
